

Jubail, Saudi Arabia

PLANT CAPABILITIES SHEET

Arabian Pipecoating Company

FEATURES AND BENEFITS

Bredero Shaw's Jubail, Saudi Arabia facility is strategically located in the Port of Jubail in order to effectively service the Middle East and international markets.

The Jubail facility is a fully automated, multi-coating facility and is capable of providing packaged pipe products with coating including ERW, spiral and long seam from local pipe mills, allowing for multiple projects and product lines to be completed simultaneously and minimizing management, execution, and interface costs.

The Jubail facility is located adjacent to the Port of Jubail and close to the Port of Dammam with special arrangements of quick access, which provides logistical savings and efficient inbound and outbound pipe handling.

Bredero Shaw is the industry leader in providing a safe and healthy workplace. The Jubail facility has incorporated the latest technology in HSE practices and improved on the quality control systems that are presently in operation.

ACCESS

METHOD

DETAILS

Truck

- 40 feet to 80 feet pipe by truck
- Jubail, Saudi Arabia 31951

Marine

- Port of Jubail, 8 km from our facility
- Port of Dammam, 80 km from our facility

SPECIAL SERVICES

- Supply and application of Canusa Heat shrink sleeves
- Double jointing of pipe to 24 metres
- Internal/External – FBE application to girth welds at site

PARTIAL LIST OF COMPLETED PROJECTS

PROJECT	LENGTH (km)	DIAMETER (")	YEAR
Haradh Increment III Project	93	32 & 60	2004
Joint Operations Kuwait	18	20	2004
NEB Project, Abu Dhabi	102	4-10	2004
Station piping of a 2-72 inch Shuweihat Water Trans. Abu Dhabi	n/a	2-72	2003/04
Qatif Project	120	28, 30 & 32	2002/03
Haradh Gas Line MLC & FGC	385	48	2001/02

HEALTH & SAFETY

Bredero Shaw is committed to providing a safe and healthy workplace and ensuring that our business activities are conducted in a manner that protects the environment. It is our objective to achieve an Incident and Injury Free workplace, where everyone recognizes that by risking incident or injury, they are putting in jeopardy what they value and those they care for.

BREDERO SHAW: THE GLOBAL LEADER IN PIPE COATING SOLUTIONS

Bredero Shaw is the world leader in pipe coating solutions, with more than 75 years of experience, over 27 pipe coating facilities on 6 continents and the largest team of technical and service specialists in the business. Bredero Shaw offers technologically advanced solutions for anti-corrosion coatings, protective and weight coatings, thermal flow assurance coatings, internal coatings, custom coatings and field joints for both onshore and offshore applications. This broad range of products and services provides Bredero Shaw with the unique capability to service the full spectrum of pipeline protection and flow assurance requirements. Consult your Bredero Shaw representative for your unique project requirements.

The information contained herein is indicative of the types of coatings provided by Bredero Shaw, and is not intended to be a guarantee that a particular coating will be suitable for a given application. Since many unique environmental, operating, and design conditions must be considered, the user shall determine the suitability of the coating for the intended use and assume all the risks and liabilities in connection therewith. Bredero Shaw's liability is stated in our standard conditions of sale.
