FEATURES AND BENEFITS

Bredero Shaw's Coatzacoalcos, Mexico facility, offers Compression Wrap Concrete Weight Coating and Compression Wrap bendable concrete coating (Rock Jacket®) for both the offshore and onshore markets. Located at the strategic Port of Coatzacoalcos, Veracruz, this facility serves Mexico and other Latin American Markets. Other services include anode installation and load-in and load-out of the pipe.

The anti-corrosion coated pipe is received here from both Mexican and International pipe suppliers. Once the required concrete coating is complete, the pipe can be transported to destination via barge, ship truck or rail.

The facility utilizes the latest manufacturing technology and practices compliant to the ISO 9001:2000 Quality System.
