

## 21<sup>st</sup> Street, Edmonton, AB

### PLANT CAPABILITIES SHEET

#### FEATURES AND BENEFITS

Bredero Shaw's 21<sup>st</sup> Street Edmonton, Alberta facility is strategically located to serve the Western Canadian Sedimentary Basin. This provides customers with logistics and transportation savings along with a short term stock pile points that can be used to store the pipe prior to construction.

This facility is capable of providing the broadest range of pipe coating solutions in Canada. Products include the industry leading Yellow Jacket<sup>®</sup> cross head extruded polyethylene product, Insul-8<sup>®</sup> thermal insulation, Rock Jacket<sup>®</sup> for mechanical pipeline protection and Concrete Weight Coating designed for negative bouyancy in river crossings and offshore environments. This range of products provides customers with a one-stop center for all project coating requirements.

Anti-Corrosion Coatings

Protective & Weight Coatings

Flow Assurance Coatings

Internal Coatings

#### MANUFACTURED PRODUCTS

COATING TYPE	DIAMETER mm (")		LENGTH m (')	
	MIN.	MAX.	MIN.	MAX.
<b>Yellow Jacket<sup>®</sup></b> : High Density Two Layer Polyethylene Coating	12 (0.5)	610 (24)	4.9 (16)	19.8 (65)
<b>Compression Coat</b> : Wrap Applied Concrete Weight Coating	89 (3.5)	508 (20)	5.5 (18)	19.8 (65)
<b>Rock Jacket<sup>®</sup></b> : Wrap Applied Bendable Concrete Coating	89 (3.5)	508 (20)	5.5 (18)	19.8 (65)
<b>Insul-8<sup>®</sup></b> : Spray Applied PU Foam Insulation	89 (3.5)	610 (24)	6.1 (20)	19.8 (65)
<b>SureFlo<sup>®</sup> CML</b> : Centrifugally Applied Cement Mortar Lining	60 (2.375)	610 (24)	6.1 (20)	15.2 (50)

## HEALTH & SAFETY

Bredero Shaw is committed to providing a safe and healthy workplace and ensuring that our business activities are conducted in a manner that protects the environment. It is our objective to achieve an Incident and Injury Free workplace, where everyone recognizes that by risking incident or injury, they are putting in jeopardy what they value and those they care for.

## BREDERO SHAW: THE GLOBAL LEADER IN PIPE COATING SOLUTIONS

Bredero Shaw is the world leader in pipe coating solutions, with more than 75 years of experience, over 27 pipe coating facilities on 6 continents and the largest team of technical and service specialists in the business. Bredero Shaw offers technologically advanced solutions for anti-corrosion coatings, protective and weight coatings, thermal flow assurance coatings, internal coatings, custom coatings and field joints for both onshore and offshore applications. This broad range of products and services provides Bredero Shaw with the unique capability to service the full spectrum of pipeline protection and flow assurance requirements. Consult your Bredero Shaw representative for your unique project requirements.

The information contained herein is indicative of the types of coatings provided by Bredero Shaw, and is not intended to be a guarantee that a particular coating will be suitable for a given application. Since many unique environmental, operating, and design conditions must be considered, the user shall determine the suitability of the coating for the intended use and assume all the risks and liabilities in connection therewith. Bredero Shaw's liability is stated in our standard conditions of sale.
