A SHAWCOR COMPANY

## Bredero Shaw awarded contract for 330 km "PM-3 to Ca Mau" Gas Pipeline Project

*A strategic cooperation between the global leader in pipe coating solutions and Vietsovpetro, the leading oil & gas company in Vietnam.*

Bredero Shaw recently signed a \$33 million contract with Vietsovpetro to undertake the coating requirements for Petrovietnam's "PM-3 to Ca Mau" gas pipeline project for Vietnam. Bredero Shaw will undertake this project at their full service pipe coating facility located at Kuantan, Malaysia. Coating will commence in November, 2005.

Established in 1981, Vietsovpetro is the first international project of Vietnam for exploration and production of oil and gas on the country's continental shelf. Today Vietsovpetro is the leading and largest company in Vietnam that carries out research, exploration and production of oil and gas on the Vietnam continental shelf. It is the most effective company among the petroleum companies operating in Vietnam. Since early 2001, almost 80% of oil and gas in Vietnam have been produced by Vietsovpetro.

The PM-3 to Ca Mau gas pipeline will draw its gas from the developed gas fields in the PM-3 Joint Development Area (JDA) operated by Talisman. Equity holders in the PM-3 Block are Petronas, Petrovietnam Exploration & Development Company, and Talisman. The first deliveries of gas to Vietnam are slated for 2006. Petronas will take the entire sales gas volume until the Ca Mau project is ready to accept gas.

### PROJECT DETAILS

#### PIPE LENGTH:

- 300 kms of 18" pipe offshore
- 30 kms of 18" pipe onshore

#### LOCATION:

- The PM-3 Joint Development Area (JDA), Malaysia to Ca Mau, Vietnam

#### OWNER:

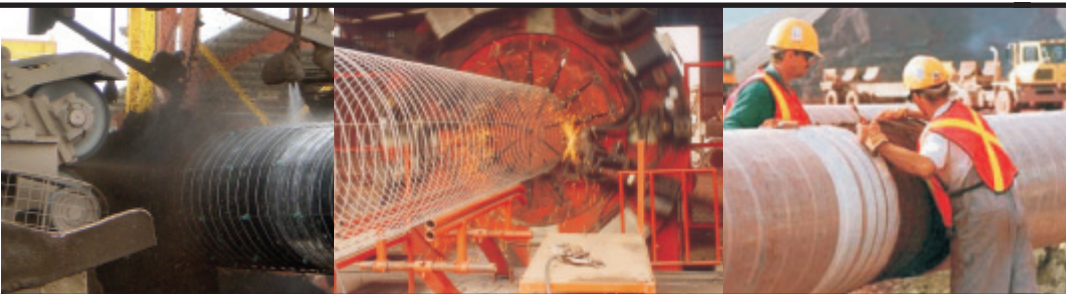

- Petrovietnam

#### PIPELINE COATINGS & SERVICES:

- Anti-corrosion coating
- Concrete weight coating
- Anode installation
- Marine transport of the coated pipes

#### PLANT:

- Bredero Shaw, Kuantan, Malaysia

Bredero Shaw is the global leader in pipe coating solutions, with more than 75 years of experience, over 27 pipe coating facilities on 6 continents and the largest team of technical and service specialists in the business. Bredero Shaw offers technologically advanced solutions for anti-corrosion coatings, protective and weight coatings, thermal flow assurance coatings, internal coatings, custom coatings and field joints for both onshore and offshore applications. This broad range of products and services provides Bredero Shaw with the unique capability to service the full spectrum of pipeline protection and flow assurance requirements.

*the GLOBAL LEADER in pipe coating solutions.*
